HAZEL GREEN, KY.

THURSDAY, August 4, 1898.

DEMOCRATIC TICKET.

FOR CONGRESS—10TH DISTRICT.

Hon. Thos. Y. Fitzpatrick,  
OF FLOYD COUNTY.

PARENTS who have the proper pride in their posterity will do all within their power to aid them in gaining an education. Knowledge is power, and to attain it is, or should be, the aim of every young man or young woman who is ambitious to excel in the affairs of life. To all such, and the parents of all such, we take pleasure in recommending Hazel Green Academy as "the best and cheapest school in Eastern Kentucky." The hundreds of students and graduates of this school who are today teaching in the public schools of this section, or holding other positions of trust and profit, are pointed to with pardonable pride. Their education has been practical, and in this day of progress and push the practical is what wide-awake pupils want. Here they are fitted to fight the battles of a business life, and so well are they drilled and so thoroughly disciplined that they at once take rank as veterans in whatever calling they may embark. As proof of the thoroughness of the instruction at this school, it is only necessary to state that in an examination for State certificates held last year there were more certificates granted to students of this school than of any similar institution in the State, i. e., a greater per cent. in proportion to the number of applicants. But a personal investigation by those who contemplate educating for business, or by their parents, will do more to convince them of these facts than anything we could say, and Prof. W. H. Cobb, to whom is due the honor of making this school what it is, will take pleasure in furnishing prospective patrons with all desired information.

The announcement was made a few days since that T. J. HARDIN would probably be accorded the Republican nomination for Congress in the Seventh district by acclamation, and we avail of the present opportunity to show our appreciation of the man. TOM HARDIN was Captain of Company "C," Ninth Kentucky Cavalry, during the civil war, and the writer having had the honor of serving as a high private under his command knows him well. During the time of service Capt. HARDIN deported himself as a dignified, courteous gentleman. Every inch a soldier, and a man of iron nerve under all trials and all circumstances, he endeared himself to every man of the company. Aye, of every man in the command, for if rations were to be issued to the men, or forage to the horses, Capt. HARDIN insisted upon having his exact dues, or rather the exact amount due each of the men under him. That he was the best officer of the line no one who remembers his gallantry will dare gainsay. Indeed, he was so good to command and do such efficient work with the command under him, that he was more frequently chosen to lead scouting parties than any other officer of the Regiment, and for that reason he was very often in command of details from all parts of the regiment. Thus it was that he became popu-

lar with all, for while the strictest kind of a disciplinarian he was at the same time the most humane of men, and was never known to require of any man what their own good sense taught them he would not do under like circumstances. The expression "he moves along in the even tenor of his way" was frequently used in speaking of him, and now, looking back to that time and the subsequent years of the struggle, we can not recall the name of any officer who was always so cool. Even the best of them would get "rattled" sometimes, but he, never, and his gentleness and gentlemanly deportment withal made him a favorite. After the war he studied and was admitted to the practice of law, a merchant at Monterey, in Owen county, many years, and of late years has been a preacher in the Christian church, we believe. Were we in his district we should fight him politically, but in doing so we would certainly feel as we do now, always have and always hope to feel, that personally there is not in the Commonwealth of Kentucky a more courteous or courageous citizen. But, after all, he is as partisan in politics as he is personally popular, and EVAN SETTLE, the Democratic nominee, who hails from the same county, will easily defeat him. What we have said of him personally, however, is true in every particular, and we are glad to pay him this slight tribute as a token of our esteem.

THE Paintsville convention on Wednesday last nominated our friend and neighbor, Hon. W. J. SEITZ, of West Liberty, as the Republican candidate for Congress in this district. BILL SEITZ is a clever fellow, a moral man, a level headed business man and a good citizen generally, and if he has any employment that will pay him a sufficient stipend to support his family, we admonish him to abide with us and abandon all ideas of going to Congress. Mr. FITZPATRICK has served the district faithfully and well, and the Democratic party has decided that it will be the proper thing to let him continue to hold his job, and their edict will have the force and effect of a judgment on the first Tuesday in November. We like you, old man, and don't want to scare you out of your shoes, but FITZ will "do" you SEITZ, and no mistake.

LONDON papers think the United States should hold the Philippines, and natives of those islands who are now residents of England, France and Belgium, have appealed to the United States not to abandon the islands to Spain for the sake of peace. But in light of the fact that the United States is not yet in possession of the property, these petitions appear to be premature. The latest news indicates that AGUINALDO has 150,000 soldiers and will stubbornly resist the authority of the United States. He will have to be whipped before our government can be said to be in possession, or in a position to provide for the future control of the islands.

KENTUCKIANS are still making history, as is evidenced by their gallantry in the fight before Santiago. From our own immediate section MAT LONG and WES TAUBER, members of the Sixth United States Infantry, were in the thickest of the fight, and the former wounded. That regiment covered itself with glory and every man in it will go down in history as a hero, and it is indeed gratifying to note that the Kentucky boys who belonged to it were the bravest of the brave, and there were many of them from all parts of the State.

WHILE there is every reason to believe that the war with Spain is practically at an end, there is also apparent ground for apprehension of hostilities with some of the other countries. AGUINALDO, the insurgent leader in the Philippines, has set up an independent government, declared himself dictator, and defies the American government. The German admiral saluted the Spanish flag at Manila, thus insulting the stars and stripes, and the Cubans may have to be conquered.

A Y. M. C. A. Tent for the Fourth.  
LOUISVILLE, KY., Aug. 1, 1898.  
Editor Herald, Hazel Green, Ky.

Dear Friend:—The Army Committee of the Young Men's Christian Associations of Kentucky is urged, by those who have most carefully studied its work among our Kentucky troops now in the field, to place an association tent in the 4th Kentucky regiment now mobilizing at Lexington; the tent to have all facilities for correspondence, religious services, etc., and be in charge of an experienced secretary. Col. Colson has promised every possible support to the work if started in his regiment. The results already accomplished in the 1st, 2d and 3d regiments indicate God's favor. Shall the 4th regiment be likewise blessed?

To equip the 4th regiment and continue the work already begun in the three Kentucky regiments requires \$200 each month. We can only proceed as voluntary subscriptions are sent us. Will you not, therefore, present this matter to your people, enlisting their sympathy and prayers for these men exposed to all the perils incident to military life, and announce a collection to be taken the following Sunday? Also urge individual subscriptions from citizens. Hoping you will co-operate thus far, I am, most cordially,

J. C. LOOMIS,  
Chairman Army Committee.

Advocates the Fair Without Racing.  
HAZEL GREEN, KY., Aug. 1, '98.

EDITOR HERALD:—As there has been some talk of having a Fair in Hazel Green the coming fall, may I use some space in your valuable paper?

An "Agricultural Fair," properly conducted and managed, would be a blessing in many respects to Eastern Kentucky, but a Fair, such as has been here for some years past, works much evil. Eastern Kentucky, and Hazel Green especially, does not need horse racing, betting, gambling, wine and whiskey selling, and many indecencies which are common at Fairs. Such things do more harm within a few days than all other things combined. How was the conduct last year? How was it the year before? Morals and money both squandered; the good name of Hazel Green reproached! Do we want this? No! Give us an Agricultural Fair, where our stock, farm products, vast resources and great natural wealth, etc., may be exhibited and future generations will rise up and call you blessed. On with a Fair, but away with the corrupt demoralizing, debasing scenes of other days.

MISS SARAH VEST has been in attendance at the bedside of her sister, Mrs. McGuire, of Grassy, for some time, but is expected home in the near future.

HENRY L. GODFREY, of Washington, D. C., is expected home some time next week, and will be accompanied by his wife, who is now visiting in Danville.

SAM RUSSELL left Tuesday morning for Hot Springs, Ark., where he will try the efficacy of those celebrated waters for his eyes, which have troubled him for a long time.

MRS. EVELINE O'HAIR, of Paris, Ill., and Mrs. Alice Frazier, of Charleston, Ill., are visiting their mother, Mrs. Caroline Swango, who has been quite sick but is now some better.

All parties indebted to me, or to the firm of Rose & Davis, are requested to call and settle immediately. Respectfully, JOHN H. ROSE.

W. T. SWANGO is remodeling and repairing the old Swango homestead near town, and those who have seen it say the improvement is very marked. Wilson, the poet-painter, is putting on the finishing touches.

WHETHER it's a stubborn cold or just a snuffle, you can cure it for good with Dr. Bell's Pine Tar Honey. This famous remedy taken in time will stop the progress of consumption and bring back the hue of health to the pallid cheek.

THIS immediate vicinity will have about 150 head of cattle on the next Mt. Sterling market. Wiley Perkins has 50, Willie Swango 49, and John M. Rose 30. But they will all buy more, if they can, and the output may increase our estimate.

MRS. DR. TAULBEE was taken suddenly ill Sunday or Monday and has since been in a critical condition. Dr. Nickell is attending her, and together with his wife, was a constant watcher at her bedside Monday and Tuesday night. Dr. Taulbee and son Ed are both at Lexington or Mt. Sterling, but were summoned by telegraph to the latter place Tuesday, and it is hoped may reach here before this paper reaches its readers.

OUR man about town took a stroll through J. Taylor Day's Roller Mill on Tuesday and noticed that they were very busy grinding wheat for parties from a distance. Among those who had wheat there were Silas Pieratt and A. B. Nickell, Ezel; Jordan Wills and Tom Brown, Maytown; Sanford Day, Walnut Grove; E. Henry, Ezel; Kelse Murphy, Grassy; Mr. Mannin, Toliver; Mr. Long, Grassy, and two or three others from Morgan county whose names were not learned. The mill run till midnight, or later, and Wednesday morning J. W. Henry, of West Liberty, came in with another load. They all had wagon loads and seemed highly pleased with the quality and quantity of flour they got in return for their wheat. Mr. Day says he will clean seed wheat for all of his customers free of charge.

OUR man about town asked Henry Pieratt Tuesday if he had any local happenings to report, and here is what he jotted down:

"H. F. Pieratt had the darndest lot of beans, tomatoes, corn and cucumbers for dinner Monday that was ever served at any man's table in Hazel Green, and the editor and his better i didn't get a darn bite."

Now, people, what about a man who will thus tantalize his neighbors? Don't you all think he ought to be made divide? But, after all, the good things of this life are not evenly distributed, and the poor country editor must suffer their absence while a less deserving citizen enjoys them. Our reward may come, however, in the sweet subsequently, and the contemplation of that thought so consoles us that we are content to labor on and leave our reward with the Lord.

W. J. LAMPTON will please accept the thanks of the editor's better i for "A Yard of Heroes" and "The Bombardment of San Juan," both supplements to "Truth." The former represents Admiral Dewey and the officers of his fleet who destroyed the Spanish squadron at Manila, while the other is a reproduction of a photograph of our ships bombarding San Juan, and is so lifelike that the men working the guns on the Iowa seem to be animate beings in action. Both are things of beauty and to our better i will prove a joy forever, not alone for their respective merit as ornamental decorations but because of the high regard she has for Mr. Lampton as a man and his recognized literary merit.

COUNTY JUDGE CENTERS was here on Tuesday looking up the road overseers of the county, and told us that he intended to give the roads his personal supervision during the present month. Judge Centers thinks the present the most suitable time to repair the roads, and that if fixed now they will settle during the fall and be in good condition for travel when the wet winter weather comes. He is determined to have good roads, and overseers had better heed his warning, or what he'll do to 'em will be more than a plenty.

MISS NANNIE MCCORMICK, escorted by George Rice, came up from Frenchburg Tuesday, spent the night with friends here and left Wednesday morning on the hack for Torrent, where she was formerly manager of the El Park Hotel. Miss McCormick is quite a favorite with all who have the pleasure of her acquaintance, and we are glad to note that she contemplates spending a few days in our town shortly.

"COURTNEY COMES, of Campton, was here Tuesday to fix the telephone box, which wouldn't ring up a call, and with John Rose, the expert blacksmith and machinist, they soon took it to pieces, recharged the batteries, and put it in condition. You can communicate with the outside world now.

THE editor and his better i had the pleasure of dining with Mr. & Mrs. R. J. McLin Saturday. The other invited guests were Mr. J. G. Trimble, of Mt. Sterling, Mr. & Mrs. J. Taylor Day, Mr. & Mrs. F. N. Day, and Mrs. Lula Kash and family. It was a feast fit for the gods, and the host and hostess dispensed a most hearty hospitality.

### Joe Long Shot.

News reached here Saturday morning that Joe Long, of Morgan county, had been shot and killed by Sheriff John Carter, of that county, on Friday. But subsequently it was said to have no foundation in fact, and nothing further was heard until Tuesday evening last, when Marion Long, Joe's brother, was in town and told the following with regard to the shooting. He said that Carter and another man were behind a tree on the roadside when Joe came along, and they ordered him to halt and throw up his hands. Instead of complying with their request, however, he asked who they were, and was again commanded to halt. Then he pulled his pistol and advanced, when Carter fired upon him and wounded him. He then fired on Carter, and is said to have wounded him. Carter again fired at Long and again wounded him. Whether Carter is seriously wounded, if at all, is a matter of conjecture, but Long has one wound through the abdominal cavity, the ball entering about the waistband of his pants and coming out near the backbone, and another wound in the left breast, the ball entering just below the nipple and glancing around under his left arm. Marion Long says he does not consider Joe's wounds necessarily fatal, though the one in his abdomen is painful. From other sources it is learned that Carter had a warrant for the arrest of Joe Long, who was indicted in the Morgan County Court for selling whisky without license. The shooting occurred near the Menifee county line, and Long is in that neighborhood under treatment of Dr. Frank McClure.

Beware of Ointments that contain Mercury as mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. Dear Friend:—I am proud to see that you people are earnestly working for a Fair. I for one think it the best thing for your county that you could get up. It causes more people to be interested in their stock than anything. Mr. Cooper, I own one share only, but I authorize you to speak for me on the 13th of August in organizing the Fair, and if you people are satisfied with the White Sulphur band (all of whom have a kindly feeling for Hazel Green people), they will play cheaper than any band that can play as good as they.

### Republished by Request.] RINGLET OF DARK HAIR.

I've a treasure that I love,  
And prize beyond compare,  
Although 'tis but a simple thing,  
A ringlet of dark hair.  
'Twas O, a parting gift from one  
Whom God has called away  
To live with Him above the skies  
In one eternal day.

When'er I turn the sacred page  
Where this dark curl lies pressed,  
Methinks I see her robed in white  
Among the heavenly blest.  
A harp of gold within her hands,  
And on her brow so fair  
A jeweled crown where once she wore  
This ringlet of dark hair.  
She faded as the flowers do,  
While yet so young in years,  
And, O, I'm thankful that she's left  
This cruel vale of tears  
Before she knew life's troubled cares,  
And sorrows here to meet;  
Before she saw its tempting snares,  
And, O, the world's deceit.

I'll keep it sacred until death,  
Till life's last page I furl,  
In fond remembrance of the one  
Who wore this treasured curl.

### A Shattered Nervous System. FINALLY HEART TROUBLE. Restored to Health by Dr. Miles' Nerve.

MR. EDWARD HARDY, the jolly manager of Sheppard's Co's. great store at Briceville, Ill., writes: "I had never been sick a day in my life until 1890. I got on with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Juliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nerve. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

### ELECTION COMMISSIONERS DISCUSSED

According to current rumor here the future course of at least two prospective candidates for the Republican nomination for Governor depends upon the operation of the Goebel election law at the coming fall elections. Those in question are said to be Attorney General W. S. Taylor and State Treasurer George W. Long. Both are known to have gubernatorial aspirations, but neither can yet be classed as even a receptive candidate as each has announced that there are things yet to happen which may bring them into the race or preclude them entering it.

The Election Commissioners have repeatedly disclaimed any intention of carrying out the sinister purposes which were behind the passage of the Goebel law, and have as often declared their purpose and intention to secure an election free from fraud. If the commission is successful in this respect and the election methods and results are reasonably satisfactory to both sides, the indications are that there will be an overgrown crop of candidates for Governor before the holidays, and that the remaining places on the Republican State ticket will be even more warmly contested for than in 1895.

There is a good deal of quiet talk here about other candidates for Governor, but all seem to be holding back awaiting developments. Among others about whom a good deal is heard among the politicians are Hon. John W. Yerkes, of Danville; Judge George Denny, of Lexington; Maj. A. T. Wood, of Mt. Sterling; Auditor Sam H. Stone and Hon. Geo. W. Jolly, of Owensboro.

The statement is made here that ex-District Attorney W. M. Smith, of Mayfield, will not be in the race for the Democratic nomination for Attorney General after all. Mr. Smith, it is hinted, has been pushed aside by the political junta in the First District, who will concentrate all of their powers to elect Gus Coulter, of Graves county, to the office of State Auditor. The Coulter crowd is in full swing in that end of the State, and it is also known frowns upon the gubernatorial candidacy of ex-Congressman W. J. Stone, of Lyon county.

The Republican penitentiary regime retired from office in a body August 1. Many of the minor officials will be allowed to hold on for probably a month during the time which the new force will have to be educated in their duties.

Franklin county has in sight a prospective hot fight over the office of Representative in the next Legislature. Hon. South Trimble desires a re-election and if successful will contest for the speakership honor with Representatives Chinn, of Mercer, and Henderson, of Caldwell. Hon. E. H. Taylor, Jr., is being urged to enter the race on a State Capital appropriation platform, and the indications are that his friends will not allow him to refuse the nomination. Ex-Sheriff R. D. Armstrong and Pat McDonald, both widely known and popular Democrats, are being petitioned to seek the place.

Judge Pryor, chairman of the State Election Commission, said today that it may be a month before the names of the County Election Boards are given out. The commission has not yet announced the date of its next meeting, but it will probably be some time next week. Judge Bullock, Judge Sharp, Senator Bronston and other Lexington politicians have called on Judge Pryor recently. It is intimated that the Fayette county Democrats are not agreed as to who should be appointed in that county. Representative Joseph A. Humphreys is said to be strongly backed, but it is believed that he is objectionable to the leaders, partially on account of his course during the late Legislature in which he antagonized Senator Bronston and was usually at cross purposes with his colleague, Representative Hobbs. Frankfort special to Lexington Leader.

KELLY FULKS, of Campton, was here Wednesday and left an order for 500 copies to be used in advertising the big meeting that is to be held by the Republicans at Bethel commencing Saturday and continuing 8 or 10 days. A number of prominent ministers are expected to be in attendance. Mr. Fulks has charge of the arrangement.

## PRATER'S COMPANY

Is the Best Drilled Cavalry Command at  
Chickamauga and Sam Hounshell  
is the Best Horseman.

CAMP THOMAS, GA., July 23, 1898.

EDITOR HERALD:—It affords me great pleasure to write THE HERALD a short letter relative to camp life and how the boys of the mountains are faring.

Notwithstanding reports to the contrary, the rations issued to the troops at this camp are first-class in every particular. Our bill of fare consists of fresh beef, smoked bacon, potatoes, onions, beans, canned corn, canned peaches, light-bread from Uncle Sam's bakery, and coffee.

Our tents are arranged in rows and blocks, after the style of houses in a city or town. The streets are 65 feet wide and beautifully set with grass, which affords us soldier boys an inviting resting place when not drilling. Our company is B, and all who see us out on drill say we will soon have the honor of being the best drilled cavalry company in Chickamauga Park. We have the honor of being the best riders and trainers, and each day when we go to drill from one to fourteen photographers with kodaks take "snap shots" of us when on a charge, as we keep the best line of any cavalry company in camp. We have been doing some very dangerous drilling during the past week, jumping ditches and low fences, besides we have been training our horses to lie down so we can lie behind them and shoot at the enemy. Some of the horses are very stubborn and their riders were outdone by them. Sam Hounshell proved a sticker and carried the day by throwing 26 horses one evening that the rest of us had given up all hopes of getting down. In throwing his horse last Friday, Solomon Rice, our blacksmith, had his ankle broke by his horse falling on him. Sam Hounshell has a badly swollen knee as the result of being kicked by a horse, but he is not seriously hurt.

Frank Hatton says he prefers walking, but I believe he would rather be hoeing corn or cutting briars.

Carlson Little, who was wounded in the fight at Santiago, was in our camp yesterday, and to the eager crowd that gathered round him he told a great many interesting things about Cuba and Santiago.

The mountain boys are all well and anxious to go to the front.

My best wishes are with THE HERALD.

R. R. DICKEN.

### MONEY WANTED

To Purchase a Silver Service Emblazoned  
With the State Arms for the  
Battleship Kentucky.

LOUISVILLE, KY., July 27, '98.

Dear Sir:—The great battleship Kentucky, named in honor of the State, was, in the presence of the Governor and many representative citizens from all parts of the State of Kentucky, launched March 25, 1898, and will be put in commission some time between January 1 and March 1, 1899.

The presence of Kentuckians at the launching was merely a preliminary recognition of the honor done the State by the government, and it was universally conceded that something more substantial must be done by the people of Kentucky, and that when the great ship shall have been completed a handsome silver service, emblazoned with the arms of the State, should be presented.

Such has been the custom of all the States which have been so honored by the Government, Kentucky, I know, will not be behind, but will rather excel them in the splendor of her gift and the universality of the offering.

The gift will not cost less than \$10,000. It is proposed to secure this amount by popular subscription. Every town in the State of Kentucky should be represented, and with the view of making the subscription as general as possible I have addressed this letter to representative citizens in every part of the State. No one need fear that his subscription will be too large, nor none so small that it will be overlooked. We want both dollars and dimes, for it is to be the people's gift.

With the gift to the ship will go a list of the contributors and the place of residence (but not the amount), so in making your contribution please write your name and address distinctly.

It is also proposed to publish a souvenir book, which will contain a cut of the battleship Kentucky, with description; cut and description of the silver service; an account of the launching and the presentation; also names of subscribers. The book will also contain the latest revised list of the American navy and other interesting data. The publication of this book depends largely on the amount of the subscription. It will be sent free to those who contribute \$20 or more.

As chairman of the financial committee I ask your personal co-operation in this work; that you will at once take this matter up with your neighbors to

the end that the call may be liberally and promptly met.

The splendid achievements of the American navy in the present war thrill every American heart with pride whenever it is mentioned, and I am persuaded that on this occasion there will be no backwardness on the part of our people, but a patriotic rivalry as to who will give first and most. Yours respectfully,

HARRY WEISSINGER.

Chairman Finance Committee.

N. B.—Address all letters containing subscriptions to Jas. F. Buckner, Secretary Board of Trade, Louisville, who will acknowledge receipt of same.

### A New Assistant at the Academy.

To the Friends and Patrons of Hazel Green Academy:

We are glad to announce that we have secured J. South Hawkins, A. B., of Lexington, Ky., to fill the vacancy made in our faculty by Prof. G. N. Stevenson. Mr. Hawkins comes to us with the endorsements of some of the best educators in both school and church. He is now soliciting pupils for the coming session. Our music teacher will be the best that can be secured for the place, and we assure you that your children shall be well taught in this department. Should any one desire to make a class in our midst, do not enroll with them till you hear from us. We want your children; we desire your patronage.

Very respectfully,  
WM. H. COBB,  
Principal H. G. A.

Spencer Cooper, Editor, Hazel Green, Kentucky.

My Dear Sir:—I am today in receipt of an anonymous communication, postmarked "Hazel Green," with request that I call on a man at 2170 Douglas street, this city, answering name of Albert Johnson, and find out his occupation, financial circumstances, etc., and to make answer in THE HAZEL GREEN HERALD. I find that said Johnson enlisted some three weeks ago with the 3d Nebraska Volunteers, under Col. W. J. Bryan, and now stationed at Chickamauga, but prior to this was a city laborer.

With best regards to Mrs. Cooper, and wishing THE HERALD much success, I am, yours very truly,
